

Dear Name goes here,

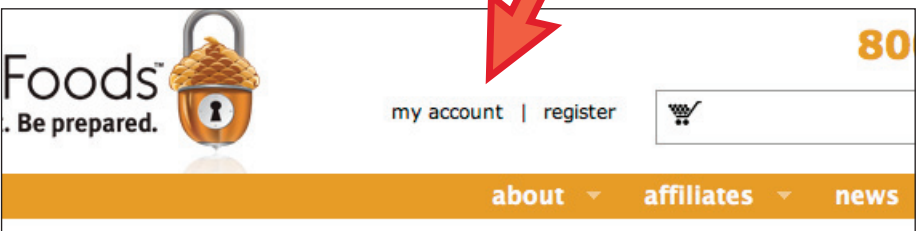

Congratulations! This correspondence is to confirm your new status as a Smart Agent for StoreHouse Foods. Below are the details you will need to access the "Member's Only" secure areas within our website.

There you can

- View recent orders
- Access your "Personal Affiliate Link"
- View your sales and commissions
- View the traffic that you have brought to the site
- Update your details
- Download your free planner

To access you account

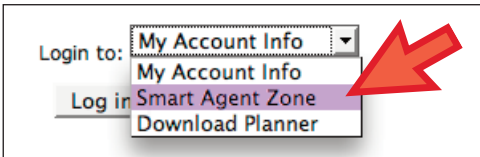

Simply log onto www.StoreHouseFoods.com and click on the "my account | register" buttons located next to the shopping cart on the main landing page.

Use this username and password

Username: yourusername
Password: yourpassword

Be sure to select "Smart Agent Zone" from the drop-down menu and then hit the "Log In" button.

Once inside you will see your agent account page that will give you an overview of everything.

Accessing your "Personal Affiliate Link"

Your "Personal Affiliate Link" is a very important part of tracking and collecting your StoreHouse Foods sales and commissions.

It is located directly under the title "your smart agent details".

To use your link, simply copy and paste this link into e-mails or place it on your website as the main access point to the StoreHouse Foods website. Whenever someone clicks on this link to visit the website they will be tagged as your sale, and when they purchase, you will earn commissions.

PLEASE NOTE, VERY IMPORTANT:

If your contacts DO NOT access the site using your "Personal Affiliate Link" there is no way for StoreHouse Foods to connect the order to you and YOU WILL NOT receive commissions on the sale.

If you are placing an order personally or entering one in for another person or client you must also use the same personal affiliate link to track the order and commissions as well.

Thank you!

Thank you for becoming a StoreHouse Foods Smart Agent. We hope that you will find selling our products to be fun, effortless and rewarding.

Best Regards,

StoreHouse Foods
